

# DYI Resurrection Eggs

Resurrection Eggs are plastic Easter Eggs with different religious Easter symbols inside to help teach the Easter story to children.

This activity is great for young preschoolers and school aged children. Fill twelve plastic eggs with the item listed below. This activity can be a family enrichment activity. Have your child help you find items for the eggs. When looking for the items, turn it into a fun game. For example, ask your child “can you find something in the house that looks like a Palm Branch?” Label each egg with permanent marker 1-12. Again, let your child help you number the eggs. Fill each egg with the item you found with the corresponding number. For younger kids, take out one symbol at a time. Let them hold the pieces while you tell them each part of the story. For older kids, include a piece of paper in each one with an explanation, and a bible verse they can look up for that part of the story! More importantly have fun together finding a creative way to teach the Easter story.

Preparing the Eggs:

Items you can put in each egg:

1. Palm Branch (Palm Sunday). You can use a leaf from a fake flower arrangement. Or go on a nature walk with your family and look for oriental grass that represents a palm branch.

3. Small piece of cloth and soap (Jesus washed the feet of this disciples)

12. An Empty Egg (Jesus rose from the dead)
